SUBJECT INDEX

Note: Abstract Index follows Author Index

A

***Acanthamoeba* sp.**
Successful medical management of *Acanthamoeba* keratitis (correspondence), 256

Acetazolamide
Acetazolamide in the treatment of abnormal oculovestibular response, 215

Acetylcholine
The effect of preoperative flurbiprofen on miosis produced by acetylcholine during cataract surgery, 735

Acquired immunodeficiency syndrome
Macular edema in acquired immunodeficiency syndrome–related microvasculopathy, 770

Rapidly progressive outer retinal necrosis in the acquired immunodeficiency syndrome (correspondence), 255

Albinism
Variable expression of albinism within a single kindred, 419

Amblyopia
Flotation devices to facilitate amblyopia therapy (letter), 110

The gradient filter test to assess amblyopia (correspondence), 119

Aminoglycoside
Conjunctival necrosis after administration of topical fortified aminoglycosides, 690

Amiodarone
Identification of amiodarone in corneal deposits (letter), 518

Anesthesia
Contralateral cavernous sinus syndrome after retrobulbar anesthetic injection (letter), 773

Anisocoria
Anisocoria in the pigmentary dispersion syndrome (correspondence), 384

Antibiotic drugs
An in vitro study of the potency and stability of fortified ophthalmic antibiotic preparations, 686

Aphakia
Epikeratoplasty with nonlyophilized tissue in children with aphakia, 407

Apraclonidine
Control of intraocular pressure with apraclonidine hydrochloride after cataract extraction, 184

Follicular conjunctivitis associated with apraclonidine (letter), 105

Palpebral fissure responses to topical adrenergic drugs, 706

Arrhythmia
The oculocardiac reflex during enucleation (letter), 378

Artery occlusion
Transesophageal echocardiography for detecting mitral valve prolapse with retinal artery occlusions (letter), 103

Use of transesophageal echocardiography for detection of a likely source of embolization to the central retinal artery (letter), 104

Vertebral artery occlusion complicating perimetry (letter), 516

Asteroid hyalosis
Prevalence and association of asteroid hyalosis with systemic diseases, 289

Astigmatism
Large refractive change after strabismus surgery (letter), 371

Automated perimetry
Automated perimetry in glaucoma, 235

B

Betaxolol
The effect of topical antiglaucoma drugs on the results of high-pass resolution perimetry, 711

Blepharitis
Role of cell-mediated immunity to staphylococci in blepharitis, 473

Blepharoptosis
Blepharoptosis caused by systemic thymoxamine (letter), 524

Epiphora caused by blepharoptosis (letter), 649

Blood-cell velocity
Blood-cell velocity in the nailfold capillaries of patients with normal-tension and high-tension glaucoma, 585

Books and Computer Software
Advances in Cataract Surgery, by Cangelosi, G. C. (ed.), 389

Age-Related Cataract, by Young, R. W., 527

Wally, The Scholarly Walrus, by Hill, L., 660

Year Book of Ophthalmology 1990, by Laibson, P. R. (ed.), 123

***Borrelia* sp.**

Retinal vasculitis with proliferative retinopathy in a patient with evidence of *Borrelia burgdorferi* infection (letter), 243

C

Canaliculitis

Retained Veirs rod and canaliculitis (letter), 251

***Candida* sp.**

Candida albicans corneal ulcer associated with crack cocaine (letter), 248

Endogenous *Candida* species endophthalmitis associated with increased levels of D-arabinitol in serum and vitreous (letter), 379

Capsulorhexis

The elastic properties of the lens capsule in capsulorhexis, 628

Experimental nucleus extraction through a capsulorhexis in an eye with pseudoexfoliation syndrome (letter), 645

Carcinoma

Meibomian gland carcinoma in a 20-year-old patient (letter), 114

Metastatic renal cell carcinoma of the iris manifesting as an intrastromal iris cyst (letter), 113

Carney complex

The Carney complex with ocular signs suggestive of cardiac myxoma, 699

Cataract
Comparison of a 3- and 6-mm incision in combined phacoemulsification and trabeculectomy, 189
Contralateral cavernous sinus syndrome after retrobulbar anesthetic injection (letter), 773
Control of intraocular pressure with apraclonidine hydrochloride after cataract extraction, 184
Delayed-onset pseudophakic endophthalmitis, 163
Delayed-onset pseudophakic endophthalmitis (correspondence), 656
The effect of preoperative flurbiprofen on miosis produced by acetylcholine during cataract surgery, 735
The elastic properties of the lens capsule in capsulorhexis, 628
Extracapsular cataract extraction with intraocular lens implantation after scleral buckling surgery, 174
Nd:YAG laser treatment for recurrent hyphemas in pseudophakia (letter), 513
A new method for documenting lens opacities, 65
Nuclear sclerotic cataract after vitrectomy for idiopathic epiretinal membranes causing macular pucker, 434
Posterior chamber intraocular lens implantation in eyes with inactive and active proliferative diabetic retinopathy, 158
Quantitative analysis of lens changes after vitrectomy by fluorophotometry, 179

Cefazolin
An in vitro study of the potency and stability of fortified ophthalmic antibiotic preparations, 686

Central retinal vein
The natural course of central retinal vein occlusion (correspondence), 525

Children
Aberrant extraocular fibrous band as a cause of strabismus (letter), 370
Bilateral congenital oculomotor nerve palsy in a child with brain anomalies, 555
Disk neovascularization in chronic anterior uveitis (letter), 241
Epikeratoplasty with nonlyophilized tissue in children with aphakia, 407
The gradient filter test to assess amblyopia (correspondence), 119
Large refractive change after strabismus surgery (letter), 371
Leptomeningeal dissemination of optic pathway gliomas in three children, 719
A population-based study of ocular abnormalities in premature children aged 5 to 10 years, 539
The prevalence of retinal vascular abnormalities in children and adolescents with essential hypertension, 205
Pseudophakic pupillary-block glaucoma in children, 715
Scleritis and Wegener's granulomatosis in children, 430
Unilateral manifestation of the Vogt-Koyanagi-Harada syndrome in a 7-year-old child (letter), 380

Choroid
Histopathologic evidence of fibrovascular ingrowth four weeks after placement of the hydroxyapatite orbital implant, 363
In vivo phosphorus 31 magnetic resonance spectroscopy of human uveal melanomas and other intraocular tumors, 276
The management of retinal detachments associated with choroidal colobomas by vitreous surgery, 271
Microwave thermotherapy for choroidal hemangioma (letter), 240
Pneumocystis carinii choroiditis after long-term aerosolized pentamidine therapy (correspondence), 118
Vitrectomy retinotomy aspiration biopsy of choroidal tumors (correspondence), 121

Choroiditis
Pneumocystis carinii choroiditis after long-term aerosolized pentamidine therapy (correspondence), 118

Ciliary body
Chronic ciliary pain secondary to posterior chamber intraocular lens loop incarceration (letter), 513

Cirrhosis
Hepatic cirrhosis as a doubtful cause of eyelid retraction (letter), 109

***Clostridium* sp.**
Clostridium perfringens endophthalmitis (letter), 654

Cocaine
Candida albicans corneal ulcer associated with crack cocaine (letter), 248
Palpebral fissure responses to topical adrenergic drugs, 706
Urine drug screening for cocaine after lacrimal surgery, 703

***Cochliomyia* sp.**
Nosocomial conjunctival ophthalmomyiasis with *Cochliomyia macellaria* (letter), 520

Coloboma
The management of retinal detachments associated with choroidal colobomas by vitreous surgery, 271

Cone
Relatively enhanced S cone function in the Goldmann-Favre syndrome, 446

Congenital disorders
Bilateral congenital oculomotor nerve palsy in a child with brain anomalies, 555

The Carney complex with ocular signs suggestive of cardiac myxoma, 699

The clinical characteristics of pedigrees of Leber's hereditary optic neuropathy with the 11778 mutation, 750

Early-onset autosomal dominant retinitis pigmentosa with severe hyperopia, 454

Hereditary hemorrhagic macular dystrophy, 294

Keratoconus and congenital hip dysplasia (letter), 775

A magnetic resonance imaging study of the upshoot-downshoot phenomenon of Duane's retraction syndrome, 548

Neuro-imaging and positron emission tomography of congenital homonymous hemianopsia, 413

Ocular findings in patients with autosomal dominant retinitis pigmentosa and rhodopsin, proline-347-leucine, 614

Ultrastructural study of Norrie's disease, 439

Variable expression of albinism within a single kindred, 419

Conjunctiva
Conjunctival necrosis after administration of topical fortified aminoglycosides, 690

Immunofluorescence findings in pseudopemphigoid induced by short-term idoxuridine administration (letter), 375

Isolated neurofibromas of the conjunctiva, 694

Tear cytology in conjunctival melanoma (letter), 648

Conjunctivitis
Follicular conjunctivitis associated with apraclonidine (letter), 105

Contact lens
Corneal ulcer and adverse reaction rates in premarket contact lens studies, 457; correction, 792

How safe are disposable soft contact lenses?, 766

Contrast sensitivity
Contrast sensitivity as an early indicator of acute mountain sickness (letter), 651

Loss of contrast sensitivity in cystic fibrosis, 427

Cornea
Candida albicans corneal ulcer associated with crack cocaine (letter), 248

Changes in corneal curvature at different excimer laser ablative depths (letter), 382

A comparison of penetrating keratoplasty to epikeratoplasty in the surgical management of keratoconus, 145

Corneal ulcer and adverse reaction rates in premarket contact lens studies, 457; correction, 792

The effect of allograft rejection after penetrating keratoplasty on central endothelial cell density, 739

The effects of Nd:YAG laser iridotomy on the corneal endothelium, 505

Epidemiologic characteristics, predisposing factors, and etiologic diagnosis of corneal ulceration in Nepal, 92

Herpes simplex dendritic keratitis after keratoplasty, 480

Human and monkey corneal endothelium expression of low-density lipoprotein receptors, 84

Identification of amiodarone in corneal deposits (letter), 518

Incidence of prominent corneal nerves in multiple endocrine neoplasia type 2A, 307

Infectious crystalline keratopathy after relaxing incisions (letter), 374

Paraproteinemic corneal deposits in plasma cell myeloma, 312

Peripheral ulcerative keratitis related to Lyme disease (letter), 244

Squamous cell carcinoma of the cornea, 571

Successful treatment of recurrent corneal erosion with Nd:YAG anterior stromal puncture (correspondence), 252

Terrien's marginal degeneration associated with vernal conjunctivitis (letter), 517

Corneoscleral limbus
Squamous cell carcinoma of the cornea, 571

Corrections
Corneal ulcer and adverse reaction rates in premarket contact lens studies, 457; correction, 792

Treatment of traumatic optic neuropathy with corticosteroids—correction (correspondence), 526

Corticosteroid
A new technique for the administration of intraoperative periocular corticosteroids (letter), 647

Treatment of traumatic optic neuropathy with corticosteroids—correction (correspondence), 526

Cyanoacrylate
Infectious keratitis and cyanoacrylate adhesive, 466

Cyclophotocoagulation
Malignant glaucoma after Nd:YAG cyclophotocoagulation (letter), 245

Cyst
Metastatic renal cell carcinoma of the iris manifesting as an intrastromal iris cyst (letter), 113

Cystic fibrosis
Loss of contrast sensitivity in cystic fibrosis, 427

D

Dacryocystitis
Acute dacryocystitis after punctal occlusion for keratoconjunctivitis sicca (letter), 769

Dacryocystorhinostomy
Urine drug screening for cocaine after lacrimal surgery, 703

Diabetes
Bilateral endogenous endophthalmitis in a patient with diabetes and renal papillary necrosis (letter), 653

Prevalence and association of asteroid hyalosis with systemic diseases, 289

Visual field defects in diabetic patients with primary open-angle glaucoma, 581

Diabetic retinopathy
Posterior chamber intraocular lens implantation in eyes with inactive and active proliferative diabetic retinopathy, 158

Dipivefrin
Reversible lower eyelid ectropion associated with dipivefrin (letter), 650

Dry-eye syndrome
Acute dacryocystitis after punctal occlusion for keratoconjunctivitis sicca (letter), 769

The importance of the Schirmer test with nasal stimulation (letter), 106

Keratoconjunctivitis sicca caused by diphenoxylate hydrochloride with atropine sulfate (Lomotil) (letter), 377

Duane's retraction syndrome
A magnetic resonance imaging study of the upshoot-downshoot phenomenon of Duane's retraction syndrome, 548

Dysplasia
Keratoconus and congenital hip dysplasia (letter), 775

E

Echography
Echographic diagnosis of dural carotid-cavernous sinus fistulas, 77

Transesophageal echocardiography for detecting mitral valve prolapse with retinal artery occlusions (letter), 103

Use of transesophageal echocardiography for detection of a likely source of embolization to the central retinal artery (letter), 104

Ectropion
Reversible lower eyelid ectropion associated with dipivefrin (letter), 650

Edema
Comparison of intraocular lens fixation techniques performed during penetrating keratoplasty, 743

Macular edema in acquired immunodeficiency syndrome–related microvasculopathy, 770

Editorials
Hydroxyamphetamine. A good drug lost? (BURDE, R. M., and THOMPSON, H. S.), 100

In defense of animal research (VON NOORDEN, G. K.), 367

A plea for low tech (KRAMER, S. G.), 508

Senile accommodative degeneration (SAD) (JAMPOLSKY, A.), 510

Endoillumination
Photic retinal injury from endoillumination during vitrectomy, 42

Endophthalmitis
Bilateral endogenous endophthalmitis in a patient with diabetes and renal papillary necrosis (letter), 653

Clostridium perfringens endophthalmitis (letter), 654

Delayed-onset pseudophakic endophthalmitis, 163

Delayed-onset pseudophakic endophthalmitis (correspondence), 656

Endogenous *Candida* species endophthalmitis associated with increased levels of D-arabinitol in serum and vitreous (letter), 379

Endothelium
The effect of allograft rejection after penetrating keratoplasty on central endothelial cell density, 739

The effects of Nd:YAG laser iridotomy on the corneal endothelium, 505

Human and monkey corneal endothelium expression of low-density lipoprotein receptors, 84

Enucleation
Histopathologic evidence of fibrovascular ingrowth four weeks after placement of the hydroxyapatite orbital implant, 363

The oculocardiac reflex during enucleation (letter), 378

Epikeratoplasty
A comparison of penetrating keratoplasty to epikeratoplasty in the surgical management of keratoconus, 145

Epikeratoplasty with nonlyophilized tissue in children with aphakia, 407

Epinephrine
The effect of topical antiglaucoma drugs on the results of high-pass resolution perimetry, 711

Epiphora
Epiphora caused by blepharoptosis (letter), 649

Epiretinal membrane
Nuclear sclerotic cataract after vitrectomy for idiopathic epiretinal membranes causing macular pucker, 434

Epitheliopathy
Retinal pigment epitheliopathy in acute leukemia (letter), 111

Epithelium
Mucogenic secondary open-angle glaucoma in diffuse epithelial ingrowth treated by block-excision, 230

Evisceration
A new instrument for use in evisceration (letter), 115

Eyelash
An eyelash nidus for dacryoliths of the lacrimal excretory and secretory systems, 624

Eyelid
Blepharoptosis caused by systemic thymoxamine (letter), 524

Discoid lupus erythematosus of the eyelid complicated by wound dehiscence (letter), 108

Epiphora caused by blepharoptosis (letter), 649

Eyelid tumors in the proteus syndrome (letter), 521

Hepatic cirrhosis as a doubtful cause of eyelid retraction (letter), 109

Meibomian gland carcinoma in a 20-year-old patient (letter), 114

Palpebral fissure responses to topical adrenergic drugs, 706

Reversible lower eyelid ectropion associated with dipivefrin (letter), 650

Surgical management of oculomotor nerve palsy, 71

Surgical management of oculomotor nerve palsy (correspondence), 658

F

Familial exudative vitreoretinopathy
Signs, complications, and platelet aggregation in familial exudative vitreoretinopathy, 34

Fibrin
Intracameral tissue plasminogen activator for resolution of fibrin clots after glaucoma filtering procedures (letter), 247

Filtering surgery
Intracameral tissue plasminogen activator for resolution of fibrin clots after glaucoma filtering procedures (letter), 247

Fistula
Echographic diagnosis of dural carotid-cavernous sinus fistulas, 77

Transient cranial nerve palsies after cavernous sinus fistula embolization (letter), 771

***Flavobacterium* sp.**
Flavobacterium meningosepticum keratitis successfully treated with topical trimethoprim-sulfamethoxazole (letter), 116

Flurbiprofen sodium
The effect of preoperative flurbiprofen on miosis produced by acetylcholine during cataract surgery, 735

Fovea
Surgical removal of subfoveal neovascularization in the presumed ocular histoplasmosis syndrome, 1

Frosted branch angiitis
Unilateral frosted branch angiitis, 682

Fuchs' heterochromic iridocyclitis
The epidemiologic association of Fuchs' heterochromic iridocyclitis and ocular toxoplasmosis, 356

G

Gammopathy
Paraproteinemic corneal deposits in plasma cell myeloma, 312

Genetics
The clinical characteristics of pedigrees of Leber's hereditary optic neuropathy with the 11778 mutation, 750

Glaucoma
Automated perimetry in glaucoma, 235

Blood-cell velocity in the nailfold capillaries of patients with normal-tension and high-tension glaucoma, 585

Comparison of a 3- and 6-mm incision in combined phacoemulsification and trabeculectomy, 189

A comparison of total and partial tenonectomy with trabeculectomy, 323

Correlation between intraocular pressure control and progressive glaucomatous damage in primary open-angle glaucoma, 51

Correlation of the blind spot size to the area of the optic disk and parapapillary atrophy, 559

The effect of topical antiglaucoma drugs on the results of high-pass resolution perimetry, 711

The effects of Nd:YAG laser iridotomy on the corneal endothelium, 505

Follicular conjunctivitis associated with apraclonidine (letter), 105

Initial glaucomatous optic disk and retinal nerve fiber layer abnormalities and their progression, 485

Intracameral tissue plasminogen activator for resolution of fibrin clots after glaucoma filtering procedures (letter), 247

Intraocular pressure and the rate of visual field loss in chronic open-angle glaucoma, 491

In vitro videographic comparison of argon and Nd:YAG laser iridotomy, 589

Malignant glaucoma after Nd:YAG cyclophotocoagulation (letter), 245

Mucogenic secondary open-angle glaucoma in diffuse epithelial ingrowth treated by block-excision, 230

Postoperative complications after Molteno implant surgery, 319

Pseudophakic pupillary-block glaucoma in children, 715

Reproducibility of topographic measurements of the normal and glaucomatous optic nerve head with the laser tomographic scanner, 221

Reversible lower eyelid ectropion associated with dipivefrin (letter), 650

Sector palsy of the sphincter pupillae muscle after argon laser trabeculoplasty (letter), 511

Therapeutic ultrasound for the treatment of glaucoma, 327

Visual field defects in diabetic patients with primary open-angle glaucoma, 581

Glioma
Leptomeningeal dissemination of optic pathway gliomas in three children, 719

Magnetic resonance imaging signs of optic nerve gliomas in neurofibromatosis 1, 729

Goldmann-Favre syndrome
Relatively enhanced S cone function in the Goldmann-Favre syndrome, 446

Graft
The effect of allograft rejection after penetrating keratoplasty on central endothelial cell density, 739

Epikeratoplasty with nonlyophilized tissue in children with aphakia, 407

Herpes simplex dendritic keratitis after keratoplasty, 480

Repair of a giant scleral ulcer with a scleral graft and tissue glue (letter), 251

Graves' ophthalmopathy
Hepatic cirrhosis as a doubtful cause of eyelid retraction (letter), 109

Gyrate atrophy
Ocular clinicopathologic study of gyrate atrophy, 24

H

Hemangioma
Microwave thermotherapy for choroidal hemangioma (letter), 240

Hemianopsia
Neuro-imaging and positron emission tomography of congenital homonymous hemianopsia, 413

Hemorrhage
Tissue plasminogen activator treatment of experimental subretinal hemorrhage, 197

Herpes simplex
Herpes simplex dendritic keratitis after keratoplasty, 480

Herpesvirus
Rapidly progressive outer retinal necrosis in the acquired immunodeficiency syndrome (correspondence), 255

Hydroxyamphetamine
Hydroxyamphetamine. A good drug lost? (editorial), 100

Palpebral fissure responses to topical adrenergic drugs, 706

Hyperopia
Early-onset autosomal dominant retinitis pigmentosa with severe hyperopia, 454

Hypertension
The prevalence of retinal vascular abnormalities in children and adolescents with essential hypertension, 205

Hyphema
Nd:YAG laser treatment for recurrent hyphemas in pseudophakia (letter), 513

I

Ichthyosis
Ichthyosis and crystalline maculopathy (letter), 522

Idoxuridine
Immunofluorescence findings in pseudopemphigoid induced by short-term idoxuridine administration (letter), 375

Intraocular lens
Chronic ciliary pain secondary to posterior chamber intraocular lens loop incarceration (letter), 513

Comparison of a 3- and 6-mm incision in combined phacoemulsification and trabeculectomy, 189

Comparison of intraocular lens fixation techniques performed during penetrating keratoplasty, 743

Delayed-onset pseudophakic endophthalmitis, 163

Delayed-onset pseudophakic endophthalmitis (correspondence), 656

Experimental nucleus extraction through a capsulorhexis in an eye with pseudoexfoliation syndrome (letter), 645

Extracapsular cataract extraction with intraocular lens implantation after scleral buckling surgery, 174

Posterior chamber intraocular lens implantation in eyes with inactive and active proliferative diabetic retinopathy, 158

Pseudophakic pupillary-block glaucoma in children, 715

Intraocular pressure
Control of intraocular pressure with apraclonidine hydrochloride after cataract extraction, 184

Correlation between intraocular pressure control and progressive glaucomatous damage in primary open-angle glaucoma, 51

The effect of Perkins, Tono-Pen, and Schiötz tonometry on intraocular pressure, 59

Increased intraocular pressure in severely burned patients, 56

Increased intraocular pressure in severely burned patients (correspondence), 657

Intraocular pressure and the rate of visual field loss in chronic open-angle glaucoma, 491

Postoperative complications after Molteno implant surgery, 319

Iridectomy
Identification, prevention, and treatment of silicone oil pupillary block after an inferior iridectomy, 501

Iridocyclitis
The epidemiologic association of Fuchs' heterochromic iridocyclitis and ocular toxoplasmosis, 356

Iridotomy
The effects of Nd:YAG laser iridotomy on the corneal endothelium, 505

In vitro videographic comparison of argon and Nd:YAG laser iridotomy, 589

Iris
Flexible iris retractor, 776

Hereditary hemorrhagic macular dystrophy, 294

The influence of iris pigmentation on the miotic effect of thymoxamine, 351

Metastatic renal cell carcinoma of the iris manifesting as an intrastromal iris cyst (letter), 113

A physical analysis of the factors that determine the contour of the iris, 338

The physiologic characteristics of relative pupillary block, 344

Ischemia
The natural course of central retinal vein occlusion (correspondence), 525

Optic nerve sheath decompression for the treatment of progressive nonarteritic ischemic optic neuropathy, 724

K

Keratitis

ABSTRACT INDEX

A

***Acanthamoeba* sp.**
In vivo and in vitro collagenolytic activity of *Acanthamoeba castellanii*, 530

Acetazolamide
Acetazolamide-associated aplastic anemia, 789

Long-term effect of acetazolamide in a patient with retinitis pigmentosa, 267

Acquired immunodeficiency syndrome
A controlled trial of early adjunctive treatment with corticosteroids for *Pneumocystis carinii* pneumonia in the acquired immunodeficiency syndrome, 531

Extracorporeal photopheresis in the treatment of AIDS-related complex. A pilot study, 396

Alcoholism
Population and pedigree studies reveal a lack of association between the dopamine D_2 receptor gene and alcoholism, 667

Aldose reductase
A randomized trial of sorbinil, an aldose reductase inhibitor, in diabetic retinopathy, 261

Allergy
Reduced allergen-induced nasal congestion and leukotriene synthesis with an orally active 5-lipoxygenase inhibitor, 668

Amblyopia
A longitudinal study of a population based sample of astigmatic children. 1. Refraction and amblyopia, 129

Visual impairment in a rural Appalachian community. Prevalence and causes, 400

Amniocentesis
Ophthalmic complications of amniocentesis, 790

Anemia
Acetazolamide-associated aplastic anemia, 789

Aniridia
A mouse model of the aniridia-Wilms tumor deletion syndrome, 397

Antibody
Antibodies to Epstein-Barr virus in iridocorneal endothelial syndrome, 530

Antigen
Spontaneous inflammatory disease in transgenic rats expressing HLA-B27 and human β_2m. An animal model of HLA-B27-associated human disorders, 787

***Aspergillus* sp.**
Synthetic analogues of fumagillin that inhibit angiogenesis and suppress tumor growth, 534

Aspirin
European stroke prevention study, 396

Astigmatism
A longitudinal study of a population based sample of astigmatic children. 1. Refraction and amblyopia, 129

Atherosclerosis
Regression of coronary artery disease as a result of intensive lipid-lowering therapy in men with high levels of apolipoprotein B, 401

B

Beta-blocker
Topical timolol decreases plasma high-density lipoprotein cholesterol level, 262

Blepharospasm
Saccadic eye movements in essential blepharospasm, 126

C

Caffeine
Coffee, caffeine, and cardiovascular disease in men, 263

Cancer
Cell proliferation in carcinogenesis, 264

Overall mortality and cancer mortality around French nuclear sites, 401

Relation of meat, fat, and fiber intake to the risk of colon cancer in a prospective study among women, 531

***Candida* sp.**
A randomized, double-blind trial of nystatin therapy for the candidiasis hypersensitivity syndrome, 667

Capsulotomy
Displacement of bag-placed hydrogel lenses into the vitreous following neodymium:YAG laser capsulotomy, 124

Cardiovascular effects
Coffee, caffeine, and cardiovascular disease in men, 263

Carotid artery
Carotid endarterectomy for chronic retinal ischemia 784

Cataract
Delayed eye and other consequences from exposure to methyl isocyanate. 93% follow up of exposed and unexposed cohorts in Bhopal, 130

Effect of a resutured iridotomy on glare disability in glaucoma patients having cataract surgery, 788

Epidemiologic evidence of a role for the antioxidant vitamins and carotenoids in cataract prevention, 664

A possible role for vitamins C and E in cataract prevention, 664

Randomized single blind trial to compare the toxicity of subconjunctival gentamicin and cefuroxime in cataract surgery, 664

Visual impairment in a rural Appalachian community. Prevalence and causes, 400

Cefuroxime
Randomized single blind trial to compare the toxicity of subconjunctival gentamicin and cefuroxime in cataract surgery, 664

Central nervous system
Central nervous system involvement in Von Hippel-Lindau disease, 783

Cerebrovascular disease
Cerebrovascular complications of the use of the "crack" form of alkaloidal cocaine, 263

Children
A longitudinal study of children with a family history of strabismus. Factors determining the incidence of strabismus, 397

A randomized, prospective field trial of a conjugate vaccine in the protection of infants and young children against invasive *Haemophilus influenzae* type b disease, 533

Use of high dose chloral hydrate for ophthalmic exams in children. A retrospective review of 302 cases, 533

Chloral hydrate
Use of high dose chloral hydrate for ophthalmic exams in children. A retrospective review of 302 cases, 533

Cholesterol
The human lens after 48 weeks of treatment with lovastatin, 125

Topical timolol decreases plasma high-density lipoprotein cholesterol level, 262

Choroideremia
Cloning of a gene that is rearranged in patients with choroideraemia, 124

Cocaine
Cerebrovascular complications of the use of the "crack" form of alkaloidal cocaine, 263

Collagen
Epikeratoplasty technique without suture using human collagen type IV lenticules. Experimental study on monkey, 262

In vivo and in vitro collagenolytic activity of *Acanthamoeba castellanii*, 530

Congenital disorders
Maternal outcome after open fetal surgery. A review of the first 17 human cases, 787

What is known about the prevention of congenital toxoplasmosis?, 396

Conjunctiva
Staining of the conjunctiva and conjunctival tear film, 129

Contact lens
Contact lens surface deposits increase the adhesion of *Pseudomonas aeruginosa*, 262

Contrast sensitivity
Peripheral contrast sensitivity in glaucoma and ocular hypertension, 666

Cornea
Epikeratoplasty technique without suture using human collagen type IV lenticules. Experimental study on monkey, 262

Laser-induced occlusion of corneal blood vessels with variable emission and absorption, 399

Coronary artery
Regression of coronary artery disease as a result of intensive lipid-lowering therapy in men with high levels of apolipoprotein B, 401

Corticosteroid
A controlled trial of early adjunctive treatment with corticosteroids for *Pneumocystis carinii* pneumonia in the acquired immunodeficiency syndrome, 531

Cryotherapy
Multicenter trial of cryotherapy for retinopathy of prematurity. One-year outcome. Structure and function, 402

D

Diabetes
Biometry of the crystalline lens in early-onset diabetes, 398

Induction of donor-specific unresponsiveness by intrathymic islet transplantation, 264

Plasma prorenin activity and complications in children with insulin-dependent diabetes mellitus, 261

A prospective study of the development of diabetes in relatives of patients with insulin-dependent diabetes, 126

Slow glucose removal rate and hyperinsulinemia precede the development of type II diabetes in the offspring of diabetic parents, 528

Diabetic retinopathy
Central visual field changes after panretinal photocoagulation in proliferative diabetic retinopathy, 261

Comparison of non-mydriatic retinal photography with ophthalmoscopy in 2159 patients. Mobile retinal camera study, 669

Fifteen-year argon laser and xenon photocoagulation results of Bascom Palmer Eye Institute's patients participating in the Diabetic Retinopathy Study, 789

A randomized trial of sorbinil, an aldose reductase inhibitor, in diabetic retinopathy, 261

Ticlopidine treatment reduces the progression of nonproliferative diabetic retinopathy, 528

Diclofenac
Diclofenac-associated hepatotoxicity, 532

Dioxin
Health status of Air Force veterans occupationally exposed to herbicides in Vietnam. I. Physical health, 265

Health status of Air Force veterans occupationally exposed to herbicides in Vietnam. II. Mortality, 265

Dipyridamole
European stroke prevention study, 396

Dopamine
Population and pedigree studies reveal a lack of association between the dopamine D_2 receptor gene and alcoholism, 667

Drusen
Relationship of drusen and abnormalities of the retinal pigment epithelium to the prognosis of neovascular macular degeneration, 403

E

Edema
Zidovudine-induced macular edema, 789

Environmental illness
Environmental illness. A controlled study of 28 subjects with "20th century disease", 667

Enzyme
In vivo and in vitro collagenolytic activity of *Acanthamoeba castellanii*, 530

Epikeratophakia
Epikeratoplasty technique without suture using human collagen type IV lenticules. Experimental study on monkey, 262

Epikeratoplasty
Epikeratoplasty technique without suture using human collagen type IV lenticules. Experimental study on monkey, 262

Epstein-Barr virus
Antibodies to Epstein-Barr virus in iridocorneal endothelial syndrome, 530

Three cases of EB virus–associated uveitis, 402

Esotropia
A longitudinal study of children with a family history of strabismus. Factors determining the incidence of strabismus, 397

Extraocular muscle
Significance of cytotoxic eye muscle antibodies in patients with thyroid-associated ophthalmopathy, 669

Why are eye muscles frequently involved in myasthenia gravis?, 529

Eyelid
Delayed eye and other consequences from exposure to methyl isocyanate. 93% follow up of exposed and unexposed cohorts in Bhopal, 130

F

Fibroblast growth factor
Photoreceptor degeneration in inherited retinal dystrophy delayed by basic fibroblast growth factor, 266

Filtering surgery
Subconjunctival THC:YAG laser limbal sclerostomy ab externo in the rabbit, 125

Fluorescein angiography
Ticlopidine treatment reduces the progression of nonproliferative diabetic retinopathy, 528

Fuchs' dystrophy
The association of Fuchs's corneal endothelial dystrophy with axial hypermetropia, shallow anterior chamber, and angle closure glaucoma, 398

G

Genetics
Cloning of a gene that is rearranged in patients with choroideraemia, 124

A mouse model of the aniridia-Wilms tumor deletion syndrome, 397

Mutations within the rhodopsin gene in patients with autosomal dominant retinitis pigmentosa, 397

Retinal degeneration in the rd mouse is caused by a defect in the β subunit of rod cGMP-phosphodiesterase, 124

Spontaneous inflammatory disease in transgenic rats expressing HLA-B27 and human β_2m. An animal model of HLA-B27-associated human disorders, 787

Gentamicin
Randomized single blind trial to compare the toxicity of subconjunctival gentamicin and cefuroxime in cataract surgery, 664

Glare
Effect of a resutured iridotomy on glare disability in glaucoma patients having cataract surgery, 788

Glaucoma
The association of Fuchs's corneal endothelial dystrophy with axial hypermetropia, shallow anterior chamber, and angle closure glaucoma, 398

Effect of a resutured iridotomy on glare disability in glaucoma patients having cataract surgery, 788

The glaucoma laser trial (GLT). 2. Results of argon laser trabeculoplasty versus topical medicines, 399

The impact of intraocular pressure on visual field loss in primary open angle glaucoma, 666

Long-term efficacy of primary laser trabeculoplasty, 788

Peripheral contrast sensitivity in glaucoma and ocular hypertension, 666

Glomerulonephritis
Subretinal neovascular membranes associated with chronic membranoproliferative glomerulonephritis type II, 670

Glucose
Cerebral glucose metabolism in adults with hyperactivity of childhood onset, 528

Slow glucose removal rate and hyperinsulinemia precede the development of type II diabetes in the offspring of diabetic parents, 528

Glycine
Visual disturbances, serum glycine levels and transurethral resection of the prostate, 267

Guanosine monophosphate
Nitric oxide. A novel signal transduction mechanism for transcellular communication, 535

H

***Haemophilus* sp.**
A randomized, prospective field trial of a conjugate vaccine in the protection of infants and young children against invasive *Haemophilus influenzae* type b disease, 533

Comparison of uninsured and privately insured hospital patients. Condition on admission, resource use, and outcome, 786

Hemianopsia
Extrageniculate vision in hemianopic humans. Saccade inhibition by signals in the blind field, 268

Hepatitis
Diclofenac-associated hepatotoxicity, 532

Herbicide
Health status of Air Force veterans occupationally exposed to herbicides in Vietnam. I. Physical health, 265

Health status of Air Force veterans occupationally exposed to herbicides in Vietnam. II. Mortality, 265

Hernia
The opposite pupil in herniation, 529

Human immunodeficiency virus
Detection of a human intracisternal A-type retroviral particle antigenically related to HIV, 670

Infection with human immunodeficiency virus type 1 (HIV-1) among recipients of antibody-positive blood donations, 400

Risk for occupational transmission of human immunodeficiency virus type 1 (HIV-1) associated with clinical exposures. A prospective evaluation, 400

Zidovudine-induced macular edema, 789

Hyperactivity
Cerebral glucose metabolism in adults with hyperactivity of childhood onset, 528

Hyperinsulinemia
Slow glucose removal rate and hyperinsulinemia precede the development of type II diabetes in the offspring of diabetic parents, 528

Hypermetropia
The association of Fuchs's corneal endothelial dystrophy with axial hypermetropia, shallow anterior chamber, and angle closure glaucoma, 398
